

St George's College

A Traditional College within The University of Western Australia

Thank you for your interest in joining us at St George's College.

Applications can be made at any time for entry in either Semester One or Semester Two. For Semester One we typically have a number of available places while our Semester Two intake is much smaller. In either case, you **do not** have to wait for an offer from The University of Western Australia before applying for residence at St George's College. In fact we recommend applying early as places do tend to fill quickly.

Application Procedure

All applications for college residence are submitted through the UWA Residential Colleges Application Portal: <https://portal.residences.uwa.edu.au>

Applying through the Portal is a two-step process:

1. Registration and payment of the registration fee
2. Completion of the online application

When you are completing your application please nominate St George's College as your first preference. Once you have completed and submitted your online application it will automatically be forwarded to us. If you have any queries during the application process please feel free to contact us via email or phone.

You will receive confirmation from us that we have received your application. We will also contact you at that time about any other information that we require.

If you are interested in a College tour please feel free to book via email or phone. Also please note that Open Day 2016 is on Sunday 14th August and the College's Spring Fair 2016 will be held on Sunday, 30th October.

We thank you again for your interest in St George's College.
