

The experience

St George's College is one of the most successful, highly regarded and beautiful university residential colleges in Australia. Modelled significantly on Cambridge University's Selwyn College, it is the oldest college at The University of Western Australia and was founded by the first Chancellor of the University and established in 1931. The College is minutes from the City, opposite the University, and overlooks the Swan River, and has the botanical gardens of King's Park at its back.

The College boasts remarkable academic, public and cultural achievements. Its alumni include 24 Rhodes Scholars, one West Australian Governor, two Chief Justices, numerous politicians, leading scientists, cultural figures and other notable Australians.

There is a superb opportunity during the university summer vacation period (roughly the beginning of December to mid-February) for school students, as a group, to experience College, The University of Western Australia and Perth life. During the stay participants will be mentored by current St George's College scholars and visit many famous Perth sites and enjoy unique and valuable experiences. We consider that the stays are ideally suited to students aged about 12 to 16 years old. We would recommend that participants come from year groups to be specified by schools as most suitable.

Contact the College

Phone **+61 8 9449 5555** or email **admin@stgeorgescollege.uwa.edu.au** for costs and further information.

Available from the end of November to the middle of February. Bookings are required in good time (possibly about six months in advance) to allow for organisation and to secure the desired week periods.

We recommend groups of at least 30 participants but not more than 150. Weeks can commence on a Sunday or Monday and should conclude by the following Saturday.
